DETAILED ACTION

Response to Amendment

1. The reply filed on October 15, 2001 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): page 21 (last page of marked up version of claims) of applicant's response is missing. It is unclear if this error is by applicant or by the office. In either case, applicant is required to furnish another copy of the response to the prior office action. The examiner apologizes for not noticing this omission before sending out the restriction requirement, to which applicant has already responded. In addition, applicant is requested to re-submit their formal drawings. Due to the anthrax events of late last year, it appears that the drawings have been irradiated, which has resulted in them being virtually too fragile to touch. In addition, applicant's submission of IDS is defective. Although applicant claims to have included copies of the references with the IDS, such copies were not found with the case. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
